Great potential surrounded by city but "not annexed", so no city tax. House converted into 3 apartments. One 1 BR, One 2 BR, One 3 BR with total of 3.5 baths plus a second building that could easily be converted into more rental space. There is a well & city water. Two storage buildings. Short walk to town square. Good income with potential of more. 2nd building is open floor, possible additional apartments or many other uses.
